

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Acts of Parliament are printed shortly after they have received the Royal Assent; each Act is numbered or chaptered in the order in which it is printed; and each year or session has a new series of numbers or chapters. There are three descriptions of Acts of Parliament, and three distinct series of numbers or chapters in each year or session.—All the Acts which are of a public and general nature are classed by themselves, and are named **PUBLIC ACTS**; to which belong the first series of numbers or chapters in each year. The Acts which are of a public nature, but limited in their operation, such as relate to turnpike roads, &c., are denominated **LOCAL ACTS**, to which belong the second series of numbers or chapters. The third class of Acts consists of such as are of a more private nature, and relate to inclosures of common lands, family estates, naturalisation, dissolution of marriages, &c., and are called **PRIVATE ACTS**.

Public and Local Acts are sold singly, Public Acts at 2d. and Local Acts at 3d. per sheet, and may be had of the Publisher of this Catalogue; who has also on sale a large collection of **PRIVATE ACTS**, which, being printed at the expense of the parties concerned, and of very limited circulation, are sold at 1s. per sheet.

The Public General Acts have been collected, and published under the title of "**THE STATUTES AT LARGE**," by several editors. There are three editions in 4to., bearing an uniform appearance, and commencing with Magna Charta. The most complete is by Mr. OWEN RUFFHEAD; the next, by Serjeant RUNNINGTON; and the least extensive collection is by Messrs. TOMLINS and RAITHBY. These are continued annually from the period of the Union with Ire-

BUTTERWORTH,

land, 1801, by one series, now edited by N. SIMONS, Esq. There are also two editions in 8vo., commencing with Magna Charta, the best by Mr. DANBY PICKERING, and the other by Mr. RAITHEY: both are continued annually by one series, similar in size. The royal 8vo. edition of the Statutes, commonly called the Twopenny Edition, commences with the 1st Will. IV. and is published in numbers at 2d. each; it does not contain the Tables of Local and Private Acts which are attached to the other editions.

Wills on Circumstantial Evidence.—Third Edition.

8vo., 9s. boards.

An ESSAY on the PRINCIPLES of CIRCUMSTANTIAL EVIDENCE, illustrated by Numerous Cases. THIRD EDITION. By WILLIAM WILLS, Esq.

"I have read this Essay thoroughly, and with great satisfaction, it is written strongly and elegantly, with conclusive evidence of much research and profound reflection."—*The late Chancellor Kent.*

Oke's Magisterial Formulist.

8vo. 21s. cloth.

The MAGISTERIAL FORMULIST, being a Complete Collection of Forms and Precedents for practical use in all Matters out of Quarter Sessions, adapted to the Outlines of Forms in Jervis's Acts, 11 & 12 Vict. cc. 42, 43, with an Introduction, Explanatory Directions, Variations and Notes brought down to 12 & 13 Vict. By GEORGE C. OKE, Author of "*The Magisterial Synopsis.*"

* * * The above Work is intended as a Companion to "Oke's Magisterial Synopsis," and may be used with that or other Books of Magisterial Practice.

"The same care pervades the present elaborate work as characterised the Author's earlier labours, and the utter uselessness of old forms since the passing of Jervis's Acts, render it of paramount utility."—*Britannia.*

Mr. Serjeant Stephen's New Commentaries.

SECOND EDITION.

4 vols. 8vo., Four Guineas, cloth.

(DEDICATED, BY PERMISSION, TO HER MAJESTY, THE QUEEN.)

NEW COMMENTARIES on the **LAWS** of **ENGLAND**, in which are interwoven, under a New and Original Arrangement of the General Subject, all such parts of the Work of **BLACKSTONE** as are applicable to the present times; together with full but compendious Expositions of the Modern Improvements of the Law; the Original and adopted Materials being throughout the Work Typographically distinguished from each other. By **HENRY JOHN STEPHEN**, Serjeant at Law. **SECOND EDITION.** Prepared for the press by **JAMES STEPHEN**, Esq., Barrister at Law.

"The correction of the Work in reference to the new Statutes and Cases, and the revision of the press in general, have been confided by the Author to his Son; his own retirement from professional practice, and the transfer of his attention to official duties, rendering him less competent than formerly to labours of that description. But the sheets have been invariably laid before him during the progress of the printing, and he feels himself able to vouch for their accuracy.—Extract from the Author's Advertisement to the present Edition.

"Taking the book" (Stephen) "as a whole it is the best commentary on a great subject we ever read. Whatever in the former book" (Blackstone) "was important is fully retained and further explained, what was immaterial is passed by,—what was confused and intricate is made plain,—what was illogical is reduced to reason,—and what was chaotic to order. The student will reap a rich harvest of knowledge from these volumes; we recommend every member of the profession, be he young or old in it, to read them."—*Law Magazine*.

"This work, now that it has been carried out to the fullest extent, and all the volumes been simultaneously put forth to the world in one entire edition (itself considerably altered by correction and revision from the first), challenges comparison not only with what may be termed 'other editions of Blackstone,' but with Blackstone itself."—*The Times*.

"We must frankly say, preferring upon the whole Serjeant Stephen's writing Blackstone's, that we think the book before us a somewhat better book than

Blackstone's would have been, could that learned judge have survived, with his likings and dislikings, to write in our day. It is a monument of conscientious labour, of diligent and scrupulous care, and of acute professional learning, with a wider scope and range than is common in Westminster Hall."—*The Examiner*.

"We are proud to recognize the merits of a performance which we think will redound to the credit of the authors, while it is eminently calculated to accomplish a destiny which has been hitherto denied to all new 'Blackstones'—that, namely, of *superseding the old one*."—*The Morning Chronicle*.

"The attempt, we repeat, has been eminently and deservedly successful: for Serjeant Stephen has produced a work which need not fear any comparison which can be made between it and its predecessor (Blackstone's Commentaries), either with respect to style, learning, or general accuracy; whilst, we are bound to say, in the philosophical arrangement of the general subject it is decidedly superior."—*The Morning Post*.

Oke's Magisterial Synopsis.—Second Edition.

8vo. 18s. cloth.

THE MAGISTERIAL SYNOPSIS; comprising Summary Convictions, the Offences, Penalties, &c., and the Stages of Procedure, *tabularly arranged*; Indictable Offences, where each is triable, as to Bail, Costs, &c., and all other Proceedings before Justices out of Sessions, adapted throughout to the Law as consolidated and enacted by the Administration of Justice (or Jervis's) Acts 11 & 12 Vict. cc. 42, 43, 44, with Forms, Copious Notes, and Practical Observations, &c. **SECOND EDITION**, enlarged and improved. By **GEORGE C. OKE**, Assistant Clerk to the Newmarket Benches of Justices, Cambridgeshire and Suffolk.

"Every endeavour has evidently been made by the Author to make this edition complete, and in this we think he has succeeded. We may safely say the work will well maintain its character for practical utility."—*Law Magazine*.

"This is a new and improved edition of a work of very great practical value, for it is in fact as well as in profession a complete view of the whole magisterial duty."—*Morning Herald*.

"From its obvious utility, and the great care taken to render it exact and comprehensive, it will most likely become the text-book of Justices of the Peace. Nowhere will they find the same amount of instruction on their duties and jurisdiction so compactly placed before them."—*Britannia*.

Questions on Mr. Serjeant Stephen's Commentaries.

8vo. 10s. 6d. cloth.

QUESTIONS for **LAW STUDENTS** on the **SECOND EDITION** of **Mr. SERJEANT STEPHEN'S NEW COMMENTARIES** on the **LAWS of ENGLAND.** By **JAMES STEPHEN, Esq.,** of the Middle Temple, Barrister-at-Law.

We have already strongly recommended Mr. Serjeant Stephen's Commentaries. To students who have an earnest desire of reaping the store of learning to be found there, these Questions, which are neatly put and very carefully framed, will be invaluable. There is not a better test of the memory, or greater assistance to those who have not the advantage of an instructor, than answering questions upon what has been previously read; and the student, by properly using them, will find these Questions of great assistance to him in mastering the Commentaries."—*Law Magazine.*

Oke's Solicitors' Book-Keeping.

8vo. 5s. cloth.

AN IMPROVED SYSTEM of **SOLICITORS' BOOK-KEEPING,** with Forms of the several Books, a Practical Exemplification of their Working, and Division of Profits and Losses in Cases of Partnership; Directions for Posting, Balancing, &c. By **GEORGE C. OKE,** Author of "*The Magisterial Synopsis.*"

"Mr. Oke has rendered great service to the profession in compiling the above admirably arranged work. The value and necessity of such a work as this to Solicitors is obvious, and we predict for it a speedy sale."—*Law Magazine.*

"This is a clever and extremely useful treatise. Such a work is of the highest value to Solicitors."—*Morning Herald.*

"To the Practitioner we would recommend its purchase, and if he will follow out its instructions, he will, we are sure, always consider that the trifling cost of the book was the best money he ever laid out."—*Legal Practitioner.*

* * * **Sets of SOLICITORS' ACCOUNT BOOKS,** prepared upon Mr. OKE's Plan, with the proper Headings, &c., and of various degrees of thickness, may be obtained of the Publisher.

"This treatise is of great practical utility, not a little enhanced by the care, industry and ability with which Mr. Stalman, the editor, has enriched and enlarged the original work."—*Law Magazine*.

"This is a careful revision of a very valuable standard work."—*Legal Obs.*

"Mr. Stalman, the editor of the present edition, has effected considerable improvements by the application of great industry guided by sound judgment."—*Law Times*.

"The duty of editing the present edition has been undertaken by Mr. Stalman, who has acquitted himself of his task with sound judgment and discretion. One characteristic of the work carries with it its own recommendation: it is remarkably cheap."—*Morning Chronicle*.
